

# COVERING OUR KIDS

## A Discussion with Governor Jim Doyle

**Date:** Wednesday, June 21, 2006  
**Time:** 2:30 - 4:00 p.m.  
**Location:** Racine Family YMCA  
Buehler Room, 2<sup>nd</sup> Floor  
725 Lake Avenue  
Racine

In Wisconsin, 91,000 children were without health insurance for at least part of the year in 2004 – Governor Jim Doyle believes we can do better.

**Families, health care providers, advocates, social workers policy makers and members of the public are invited to this discussion with Governor Doyle** to talk about his proposal to cover all Wisconsin children with health insurance.

The **BadgerCare Plus** proposal would create a single health care safety net program that streamlines the family Medicaid, BadgerCare and Healthy Start programs, eliminating barriers to enrollment and giving more people access to the affordable health insurance they need to be healthy and strong.

*Health insurance for all kids*

For more information on BadgerCare Plus, please visit  
<http://dhfs.wisconsin.gov/badgercareplus>

*This town hall discussion is being co-sponsored by:  
Wisconsin Council on Children & Families and ABC for Health.*
